

Eastern Region of the Rocky Mountain Division 2009-2010

I patrolled 34 days this season and visited two areas. I participated in toboggan training at Eldora and at Snowy Range. I also judged an S&T Test at Loveland. We had several Level I Avalanche Classes held within the region this year, but no Level II Avalanche Courses. There were multiple OEC Courses held within the region as well. There were two Senior Alpine Toboggan Test held in the Region this year, one at Loveland and one at Winter Park. I made a change in the Region Staff towards the end of the season. I replaced the Eastern Region Avalanche Program Administrator. Pat O'Brien from Bryan Mountain, had been the Avalanche Administrator since I took over the Region. Pat retired and was replaced by Rick Grubin of Loveland. I want to thank Pat for all his work over the years, he held a Regional Avalanche Instructor Clinic this year to discuss changes in Course Registration and Class Requirements.
